

**International Engineering Consulting Services For
Rearrangement/Alternative for Overhead High Voltage Transmission Lines of Dhaka City and Adjacent Areas.**

Request for Expression of Interest (EOI)

1. Power Grid Company of Bangladesh Ltd (PGCB) is responsible for construction, operation and maintenance of national power transmission grid in Bangladesh. PGCB is planning to find out the feasibility of rearrangement/alternative for existing overhead high voltage transmission line of Dhaka City and adjacent area and recommend future planned transmission lines route and type (i.e. Overhead or Underground). Feasibility study is required in this regards. Power Grid Company of Bangladesh Ltd (hereinafter called “the Employer” or “PGCB”), the executing agency of the Project, intends to employ a firm of consultants (hereinafter called “the Consultant”) for feasibility study of the Project.
2. The Power Grid Company of Bangladesh Ltd (PGCB) under the ministry of Power, Energy and Mineral Resources, now invites eligible International Consultants to indicate their interests in feasibility study for Rearrangement/Alternative for Overhead High Voltage Transmission lines of Dhaka City and adjacent areas.
3. Interested Consultants should provide information demonstrating that they have the required qualifications and relevant experience to perform the Services. Documentary evidence like completion certificate with scope or contract agreement including scope etc. will be provided for the projects submitted by the firm as their competency in EOI. The EOIs would be reviewed on the basis of the following:
 - a) General Experiences (Registration of firm, Background with brochures showing their experience, facilities and areas of expertise etc.),
 - b) History of Litigation,
 - c) Description of similar or higher assignments (as many as possible),
 - d) Availability of appropriate professional qualifications and experiences among staff and resources to carry out the assignment in PGCB,
 - e) Experience of working in SAARC countries excluding their own country.

The requested compositions of consulting team, qualifications, experiences and tasks as for each expert are outlined in the draft terms of reference (ToR).

4. While indicating information relating to (c), it shall be made clear whether responsibility of the firm was in the capacity of a principal firm (Lead partner) or as an associated firm (Sub-consultant/JV partner) with detail scope of the service experience record (including nature, total cost, total input in terms of man month, employer, location of service, detail scope of services etc.).
5. Consultants may associate to enhance their qualifications, but should mention whether the association is in the form of a “joint venture” or “sub-consultancy”. In the case of an association, all members of such “association” should have real and well defined inputs to the assignment and it is preferable to limit the total number of firms including their associates to maximum of three.
A consultant will be selected in accordance with the QCBS method (lump sum) set out in the RFP.
6. Further information can be obtained from PGCB Head Office during office hours i.e. 0900 to 1700 hours or download the PDF version of the document with detailed ToR from PGCB website (<http://www.pgcb.gov.bd>).

7. Expressions of interest must be delivered in a written form (Hard copy only) by February 06, 2020 before 5pm Bangladesh Standard Time to the Company Secretary, Power Grid Company of Bangladesh Ltd., PGCB Head Office (2nd Floor), Jahurul Islam City, Avenue-3, Aftabnagar, Badda, Dhaka-1212, Bangladesh. The submission should be clearly marked as "Rearrangement/Alternative for Overhead High Voltage Transmission lines of Dhaka City and adjacent areas". E-mail and fax submission shall not be accepted.
8. Any application submitted later than the specified date and time or submitted through telex/fax/E-mail will not be entertained.

(Md. Jahangir Azad)
Company Secretary, Additional Charge.
