

Design, Supply, Installation, Testing & Commissioning of 230/132/33 kV AIS Substation at Madhabpur and Monohardi including two nos. 132KV bay extension at Bajitpur 132/33kV grid substation and associated 230kV and 132kV Transmission Lines on turnkey basis (Package-2).

(Contract No. POWERGRID/ADB/PTSIREP/230KV Monohardi & Madhabpur SS/Package-2)

Clarification No-5 (Date: November 23, 2025)

Sl	Bidder's query	Power Grid's reply	Addendum Yes(Y)/No(N)
1.	Volume-1 of 3; Price Schedule Substation Part; Schedule 1D, Schedule 2D & Schedule 4D; In Substation Price schedule there are some discrepancy found regarding the unit price column and Total Price column for following items: (i) 1F1, 1F2, 1F3, 1F8, 1F9.1, 1F9.2, 1F14, 1F15; 2F1, 2F2, 2F8, 2F9.1, 2F9.2, 2F14, 2F15, 3F1 Specific quantity and units are mentioned against the main item description for all of the above items, however three(3) sub-items are also included against each of the main item for which unit price need to be quoted but the total price column is cross marked (x). Requested to clarify this matter to avoid complexity during price quotation. (ii) 1F13, 2F13, Specific quantity and units are mentioned against the main item description for all of the above items, however two (2) sub-items are also included against each of the main item for which unit price and total price need to be quoted. Requested to clarify this matter to avoid complexity during price quotation. (iii) 2F4, 2F5, 2F6, 2F11, 2F12, 3F2, Specific quantity and units are not mentioned against the main item description for all of the above items. However two(2) sub-items are also included against each of the main item for which unit price need to be quoted but the total price column is cross marked (x). Requested to clarify this matter to avoid complexity during price quotation.	Thank you for your query. Yes, there are some discrepancy which was inadvertently remained in the Price schedule. Please find the "Updated and revised Price Schedule incorporating addendum 3" (<u>editable Excel format</u>) uploaded in the Power Grid Website to use for price quotation during bid submission. However, the methodology of price quotation in the provided Price schedule for the items of Control, protection, metering & SAS, DFDR including Tariff metering are described here for clear understanding (Applicable for all relevant price schedule of substation part Schedule-1D, schedule-2D & Schedule-4D): (i) Bidders shall quote unit price as well total price for the main item where quantity and unit mentioned against those main items. However, only unit price is required to be quoted against each sub-items for breakdown purpose only against those items. Separate total price against each sub-item is not required. (ii) Bidders shall not require to quote unit price as well as total price for the main item where quantity and unit does not mentioned against those main items. However, unit price as well as total price is required to be quoted against each sub-items under those main items. In case of discrepancy, necessary arithmetic correction shall be applied during bid evaluation.	N
